

Sense Into You

Fountains of Wayne

And if you ever get the notion
To drive your car into the ocean
Baby gimme a chance
To talk some Sense Into You

And if you ever get to thinking
'Bout taking sleeping pills and drinking
Baby gimme a chance
To talk some Sense Into You

You seem like you're fine
But deep in your mind
I never know what's brewing
So if you're dreaming up ways
To call it a day
Just let me know what you plan on doing

And if you ever get the feeling
You should be swinging from the ceiling
Baby gimme a chance
To talk some Sense Into You

And if you ever get the idea
To stick a needle in your thigh, dear
Won't you give me a chance
To talk some Sense Into You

It's so hard to tell
If you're doing well
Or if it's an illusion
So if you're ever in doubt
Give me a shout
Before you jump to the wrong conclusion

You seem like you're fine
But deep in your mind
I never know what's brewing
So if you're dreaming up ways
To call it a day
Just let me know what you plan on doing
Yeah
