

Let Your Body Take Over

Four Letter Lie

Breathe, this is what we live for.
So take me by surprise, and never say a word.
Oh, oh you know.
Your lips, your eyes, your skin.
They paralyze me.

Come on, come on.
Under and over.
Through the back door.
Make your way over.

I've been meaning to ask you, a few things on my mind.
You know it's never so hard
When you're this close to the ground.

This is the way I feel.
What do you say? Be real.
Your body's never felt so alive.
This is the way I feel.
What do you say? Be real.

I just can't help myself.
I just can't help myself.

So let me in, let your body take over.
Let your body take over your soul.
It's for the passion, for the love.
You've never laughed, you've never loved
You've never been loved.

I've been meaning to ask you, a few things on my mind.
You know it's never so hard
When you're this close to the ground.

This is the way it makes you feel.
I swear we don't think of tomorrow.

This is the way I feel.
What do you say? Be real.
Your body's never felt so alive.

When this passion's got me ohhh
Be careful. Be gentle.
I'll go slow.
Don't end the night like this

Don't end the night like this
Don't end the night like this
