

## Hollow

Four Star Mary

Stay so I can breathe in your air  
Then I'll never have to share you  
With anyone, anyplace, or anytime  
Just don't keep me guessing  
I can't bleed you from my mind

All that we do won't leave us empty  
I'm here always, I will never let you go  
I'm here always, you will never be alone.  
They can say that I'm hollow  
But I won't let you go, I won't.

At least I said I'm sorry,  
Even though it makes you worry  
That I won't pretend I like your friends.  
Everytime it makes me crazy  
When they come around  
And kick me to the ground.

All that we do won't leave us empty  
I'm here always. I will never let you go

I'm here always, you will never be alone  
They can say that I'm hollow  
But I won't let you go, I won't.

Just stop, it's not that bad,  
Look at all the things we have.  
I've got you to keep me laughing.  
Shut up, why aren't you happy?

All that we do won't leave us empty.  
I'm here always I will never let you go,  
I'm here always you will never be alone.  
They can say that I'm hollow  
But I won't let you go.  
I'm here always  
I will never let you go,  
I'm here always  
You will never be alone.  
They can say that I'm hollow  
But I won't let you go  
I won't let you go
