

# Pain

Four Star Mary

Feeling, I've been lost for years  
You could never understand me  
Unless you've seen those tears  
But you never get to sleep  
When I'm away  
I don't mind  
The deeper that you lay  
Out of time

[Chorus:]

Pain  
I can't sleep  
Pain  
I can't sleep

Running  
Running from those days  
There's another one inside me  
Guess I've gone insane  
But you always run away when I come around  
I don't mind  
The day I'll track you down  
Run you down

Don't stop!  
Don't talk!  
Do not fuck!  
With me!

Loaded  
I've loaded up this gun  
There's a killer in me  
Hoping  
Hope that you're the one  
But you always run away  
When I'm around  
I don't mind  
The day I'll track you down  
And terrify!
