

# Falling on You

Four Year Strong

I never did things by the book  
If you don't trust me then you'll just have to take a look  
I've got a different plan for me  
Just wait around and then you'll see

I'm taken on the world  
I'm taken on the world

Strike me out  
Take a breath full of doubt  
Spit back at the wall  
Brace yourself for the backlash  
You better believe that  
It's falling on you

From everything that I have learned  
I gotta take what I can get, not what I've earned  
But since I can not stomach to lose  
I take it all so that there's nothing left for you

I'm taken on the world  
I'm taken on the world

Strike me out  
Take a breath full of doubt  
Spit back at the wall  
Brace yourself for the backlash  
You better believe that  
It's falling on you

Ignite the fire deep down inside of you  
You gotta let it burn  
Don't strike me down

I'm taken on the world  
I'm taken on the world  
I'm taken on the world  
I'm taken on the world

Strike me out  
Take a breath full of doubt  
Spit back at the wall  
Brace yourself for the backlash  
You better believe that  
It's falling on you  
It's falling on you

Don't strike me down
