## **Go Long Dad**

**Four Year Strong** 

Leave it up to me to mix business with pleasure But were not getting any younger And it leads me to wonder shouldn't I be getting Something out of this Something I could have missed when I'm without her.

What the hell are you waiting for? It's all for you or it's all for nothing All for hoping that you'd give it a chance, give it a chance, g ive me. What the hell am I waiting for? To be out of time or be out of context Pleasantly complex And were giving up on getting guilt out of our way.

Theres something in the air tonight And I cant quite put my finger on it But I tell you that shes got it And it works for me And I'm falling for Shes another break in the bend I could be nothing more than a trend I'm wandering off I'm wondering if shes got it out for another one Shes got it out for another one better than me.

An eye for an I am ready to give it up give him up and on and o n And I'm floored to see that you are standing here Like everything was oh so clear and bright you don't think abou t it Why do you kick me WHEN I'M DOWN I'm running out of things to say Things don't come as easy, and things don't come as easy as you do And I'm running out of things to say.

RISE OR DIE TRYING!
