

Listen, Do You Smell Something?

Four Year Strong

It's a great day to be alive.
You know, it's just like I can breathe for the first time.
I finally had enough and things are looking up.
Wow, we might actually survive.

I fell asleep with the light on
to keep the darkness around me
from trying to drown me.
But little did I know
that the light was just a glow.
'Cause I don't wanna try for an escape.
When one mistake is all it takes.
I'll jump the line from state to state
just for the taste of a better fate so bittersweet.

Stop and think about it.
It's so much more than you ever had before.
It's overrated.

It's a great day to be alive.
You know, it's just like I can breathe for the first time.
I finally had enough and things are looking up.
We might actually survive.

Let's hit the road, and hit it hard.
'Cause the season is changing.
We're falling apart.
But how far can we make it
before it's time for us to wake up?
You say it's not over.
You think that you know how far we have to go
before we're right back where we started.

Stop and think about it.
It's so much more than you ever had before.
It's overrated.

It's a great day to be alive.
You know, it's just like I can breathe for the first time.
I finally had enough and things are looking up.
We might actually survive.

It's a great day to be alive.
You know, it's just like I can breathe for the first time.
I finally had enough and things are looking up.
We might actually survive.

It's not over.
How far will we go if we actually survive?
We could actually survive.
It's not over.
Well, how will we know if we actually survive.
We could actually survive.

It's a great day to be alive.
You know, it's just like I can breathe for the first time.
I finally had enough and things are looking up.

We might actually survive.

It's a great day to be alive.

You know, it's just like I can breathe for the first time.

I finally had enough and things are looking up.

We might actually survive.

It's a great day.

It's a great day to be alive.

We might actually survive.
