

Well, come on baby take a chance  
and get your shit together

Well, come on baby take a risk  
until it comes out right

Drop your shadow on a subway wall  
back in the saddle you can hear the call

Come on baby take a chance  
and get your shit together

Well your illusion ain't a lie  
it's a crime

Ride, ride Sally ride  
Hop on and take a ride  
on my motor bike

Singin', ride, ride Sally ride  
like the speed of light on a road rage suicide

Well, now is the time  
'cause I ain't got the time forever

Well, now is the time  
so you better put up a fight

Drop your shadow on a subway wall  
back in the saddle you can hear the call

Well, now is the time  
cause I ain't got the time forever

Your illusion  
ain't a lie it's a crime

Ride, ride Sally ride  
Hop on and take a ride  
on my motor bike

Singing, ride, ride Sally ride  
like the speed of light on a  
road rage suicide
