Better Love

Show me love Better love Show me love Better love I cried myself to sleep again You lie right there but I've learned nothing I do my best to ease your pain And here we are but we've learned nothing And it's killing me When I'm in your arms I forget the darker days And it's haunting me These feet of mine Won't let me march away Don't ask me how But I always thought that we could have a better love When you lay me down I forget that all I want is a better love Show me your better love Show me your better, better love Show me your better love Show me your better, better love I hurt myself again today You lie right there and you say nothing I do my best to leave this pain But here we are and we've learned nothing And it's killing me When I'm in your arms I forget the darker days And it's haunting me These feet of mine Won't let me march away Don't ask me how But I always thought that we could have a better love When you lay me down I forget that all I want is a better love Show me your better love Show me your better, better love Show me your better love Show me your better, better love Show me love Better love Show me love Better love And it's killing me When I'm in your arms I forget the darker days And it's haunting me These feet of mine
