

I'm In Love With A Boy

Foxy Shazam

Rocky Horror Picture Show
Was playing on TV
I put some lipstick on
It made myself horny

It's too bad you're too hard to touch
'Cause our love makes too much noise
I'm in love with a boy
I'm in love with a boy
Yeah

Love makes too much noise
I'm in love with a boy

You'd be my air-supply
If we lived on Mars
We'd put some Bowie on
And admire the stars

It's too bad we're stuck on Earth
Where our love makes too much noise
I'm in love with a boy
I'm in love with a boy
I'm in love with a boy
Yeah

Our love makes too much
Love makes too much
Love makes too much
Love

Our love makes too much noise
(I'm in love with a boy)
Our love makes too much noise
(I'm in love with a boy)
Our love makes too much noise
(I'm in love with a boy)

Our love
Our love
Our love
