

## Last Chance At Love

Foxy Shazam

She says "Can I hold you?"  
I'm too far for a touch  
She says "I'm so lonely"  
Girl, you say that too much  
There's nothing I can do  
This is my last chance baby and  
I gotta see it through

This is my last chance at love  
It's all I've ever dreamed of  
This is my last chance at love  
It's all I've ever wanted, all  
we've ever needed

This won't be for nothing  
I can promise you that  
I've got to run now  
The devil's calling me back  
There's nothing I can do  
This is my last chance baby and  
I gotta see it through

This is my last chance at love  
It's all I've ever dreamed of  
This is my last chance at love  
It's all I've ever wanted, all  
we've ever needed
