

# Unstoppable

Foxy Shazam

My mother told me, poor boy be strong  
Some say I won't last, I say they're wrong  
And we won't back down this time  
No we won't back down this time

We are unstoppable  
No we can't be defeated  
We are unstoppable  
No we don't need a reason  
We are unstoppable

Crawling though the dirt, you heard our prayers  
Sticks and stones may hurt, but we don't care  
And we won't back down this time (no we won't)  
No we won't back down this time

We are unstoppable  
No we can't be defeated  
We are unstoppable  
No we don't need a reason  
We are unstoppable

No, we won't back down this time  
Won't back down this time  
No, we won't back down this time

We are unstoppable  
No we can't be defeated  
We are unstoppable
