

## On Lankershim

Foxygen

And it all but seems my lifetime dreams have ended  
And I know some people hope they won't come true  
On Lankershim, Lankershim  
I can't start to live here anymore  
And I can see from mango trees a memory  
Of locked upon the pause of death of you

Well it just gets bigger till you can't seem to figure out  
I walk away but I still can't seem to figure it out  
I walk away, yeah  
I walk away, I walk away  
I walk away, I walk away

When someone loves you but you just can't figure it out  
Just walk away, just walk away, just walk away  
Oh, you walked away  
You walked away

Well, we all spent time trying to make it  
But you spent your money getting high  
Well I know can make it back 'cause I'm only 25  
And my friend, she's only 20  
And she's an actress and so far  
She said, you know, she said she can get me parts
