

I Got Love

Foy Vance

When you wake up, early in the morning,
and you're feeling blue, yeah you're feeling blue.
You just call up, don't need to give no warning,
cos I'll be there for you, what I got is true.

I got love, love, love x2
I got love, love, love, love, love.

When you feel like, you ain't got nobody,
I will be there for you, I'll be there for you.
And I ain't rich no, I aint got no money,
but what I got for you, is true.

I got love, love, love x2
I got love, love, love, love, love.

When you're lonely, good God we all get lonely,
I will be there for you, I'll be there for you.
And if you fall, I hope you fall in honey,
cos it is sweet like you, like you.

I got love, love, love x2
I got love, love, love, love, love.
