

## Died With You

Fozzy

Talk to me, tell me what you want  
Walk with me, this battle has been lost  
Set me free, I can't pay this cost  
Can't you see without you, I am lost

I know that things will never be the same  
No need to explain, I'm not looking for someone to blame  
I know that things will never be the same  
Now I'm forced to face the truth  
That the best part of me died with you

Open the door, let me back inside  
Please no more, you'll just run and hide  
Behind your world, full of fight and strong  
I've lost it all, didn't take too long

I know that things will never be the same  
No need to explain, I'm not looking for someone to blame  
I know that things will never be the same  
Now I'm forced to face the truth  
That the best part of me died with you

Silence and distance, when I'm next to you  
False words are spoken, I can't believe it's true  
Ignoring the presence, like I don't exist  
Move on without me, I guess I won't get missed

I know that things will never be the same  
No need to explain, I'm not looking for someone to blame  
I know that things will never be the same  
Now I'm forced to face the truth  
That the best part of me died with you (I know that things will  
never be the same)  
I know that things will never be the same  
Now I'm forced to face the truth  
That the best part of me died with you
