

# Do You Wanna Start A War

Fozzy

Do you wanna start a war?  
Start a fire  
Start a roar  
Do you wanna take a stand?  
Take control  
Take command  
Do you wanna start a war?  
Start a fire  
Start a roar  
You can't take it anymore  
Then it's time to start a war

Cos now is the time  
For you to fall in line  
For you to read the sign  
For you to be divine  
Cos now is the day  
For you to get your way  
For you to make your play  
For you to jump and say HEY!

Do you wanna start a war?  
Start a fire  
Start a roar  
Do you wanna take a stand?  
Take control  
Take command  
Do you wanna start a war?  
Start a fire  
Start a roar  
You can't take it anymore  
Then it's time to start a war

Cos now is the time  
For you to fall in line  
For you to read the sign  
For you to be divine  
Cos now is the day  
For you to get your way  
For you to make your play  
For you to jump and say HEY!

All day, it's been a bad day  
A sad day  
A stick it up your ass day

All year, it's been a tough year  
A rough year  
A never get enough year

Throw your hands in the air  
Now's the time to not care  
Throw your hands in the sky  
Say goodbye to bad times

Cos now is the time  
For you to fall in line

For you to read the sign  
For you to be divine  
Cos now is the day  
For you to get your way  
For you to make your play  
For you to jump and say HEY!

Do you wanna start a war?  
Start a fire  
Start a roar  
Do you wanna take a stand?  
Take control  
Take command  
Do you wanna start a war?  
Start a fire  
Start a roar  
You can't take it anymore  
Then it's time to start a war

Do you wanna start a war?  
Start a fire  
Start a roar  
You can't take it anymore  
Then it's time to start a war
