

She's My Addiction

Fozzy

I kicked heroin without a care
I quit whiskey shots on a dare
But she to me
Casts a spell that I can't see
My mind can't find
Disappears like a cocaine line

She's my addiction
No rehab can break this chain
She's my addiction
Her poison shoots right through my vein
She's my addiction
A one way ticket back again
She's my addiction
This damn woman's drivin' me insane

Chased the dragon back into his cave
Killed the ecstasy to free the slave
But she to me
This is all that I can be
My mind can't find
Blown away like a landmine

She's my addiction
No rehab can break this chain
She's my addiction
Her poison shoots right through my vein
She's my addiction
A one way ticket back again
She's my addiction
This damn woman's drivin' me insane

Gimme percs gimme vics gimme LSD
Gimme weed gimme speed don't work for me
She's my high she's my wine she's my status quo
She's my junk she's my funk she's my rock and roll

She's my addiction
No rehab can break this chain
She's my addiction
Her poison shoots right through my vein
She's my addiction
A one way ticket back again
She's my addiction
This damn woman's drivin' me insane

She's my addiction
No rehab can break this chain
She's my addiction
Her poison shoots right through my vein
She's my addiction
A one way ticket back again
She's my addiction
She's my woman
This damn woman's drivin' me insane
