

# Tonight

Fozzy

We're gonna live tonight like it's our last night  
A doomsday party  
Throwing caution to the wind  
Our last chance to show the world just what we're made of  
We'll bring this town to its knees  
And then...

We'll take our chance to shine  
Ambition ain't a crime  
Take our chance to fly  
Stage our battle cry  
Take our chance to shine  
Ambition ain't crime  
Take our chance to fly  
It's time...

Tonight  
We'll ride it like a roller coaster  
High as we can go tonight  
Tonight  
We'll find a way  
To shove that shit back in their face  
Tonight

We're gonna dance like Mick Jagger for an hour  
The music's loud enough to wake the dead tonight  
Come and join us set the world on fire  
Then watch it burn until we see the sunrise

We'll take our chance to shine  
Ambition ain't a crime  
Take our chance to fly  
Stage our battle cry  
Take our chance to shine  
Ambition ain't crime  
Take our chance to fly  
It's time...

Tonight  
We'll ride it like a roller coaster  
High as we can go tonight  
Tonight  
We'll drive it like the car was stolen  
Fast as we can go tonight  
Now no one can stop us now cause tonight we own this town  
Tonight  
We'll find a way  
To shove that shit back in their face  
Tonight

I wanna learn to live  
I want to learn to fight  
I wanna learn to give  
Before we see day light  
Tonight  
We'll take our chance to shine  
Ambition ain't crime

Take our chance to fly  
It's time...

Tonight  
We'll ride it like a roller coaster  
High as we can go tonight  
Tonight  
We'll drive it like the car was stolen  
Fast as we can go tonight  
Now no one can stop us now cause tonight we own this town  
Tonight  
We'll find a way  
To shove that shit back in their face  
Tonight

We'll take our chance to shine  
Ambition ain't crime  
Take our chance to shine  
It's time
