

Deeper

Fragma

Waves of sound, they move my body
Touch my body, pull me deeper into you
So hold on to me, 'cause we falling breathlessly
Credibly calling, now I fall in the crew

Deeper! It's coming back tonight
And it's deeper, you know this feeling inside
And it's deeper, you know this feeling inside
And it's deeper, you know this feeling inside

Rays of light, they're luminating
And they touch my skin and pull me into you
So hold me baby, 'cause we falling breathlessly
Somebody calling, now I fall in the jewel

Deeper! It's coming back tonight
And it's deeper, you know this feeling inside
And it's deeper, you know this feeling inside
And it's deeper, you know this feeling inside

Deeper!
Deeper!

Deeper! It's coming back tonight
And it's deeper, you know this feeling inside
And it's deeper, you know this feeling inside
And it's deeper, you know this feeling inside
