

Wake Up

Framing Hanley

You turn it around.
There's something safe in the way you say,
You don't like the sound of that again.
I could be wrong, but there's a chance this little dance,
It won't last too long again.
All you are is all I need.

Call me when you wake up.
And I will be the one to bring you home again,
I'll bring you home again.
And I always tried to see the best in you
though I see the other side
I see the other side.

I watched you fall.
Now I'm afraid that there's just no time left at all.
We're both run aways, we made some big mistakes.
And I just wanna fix this ... I wanna fix this now.
Can we fix this now?
All you are is all I need.
And all you want is all you'll be.

Call me when you wake up.
And I will be the one to bring you home again,
I'll bring you home again.
And I always tried to see the best in you,
Though I see the other side.
I see the other side.

This isn't what you said I'd become.
When I left everything where it was.
But, I'm still hanging on to belief that you're gonna change.
You're gonna change your ways.
Can you change your ways?

Before it's too late I wanna forgive you.
Before it's too late I wanna forgive you.
Before it's too late, before it's too late.
But it's too late... what if it gets too late?

Call me when you wake up.
And I will be the one to bring you home again,
I'll bring you home again.
And I always tried to see the best in you.
Though I see the other side.
I tried, I tried and I tried.
Though I see the other side.
