

Cry Like Me

Frances

We shout, I cry
You pace, you stay
But you don't cry like me
I kick, I scream
We're building our dreams
But is your love so deep?

It was never a crime
To show me that you care

Why don't you cry like me?
Why don't you shed a tear?
I'm hurting, you should be
Why don't you cry like me?
It's okay to, my dear
Won't you just cry like me?

You break my walls
I trip, but you don't fall
Why don't you hurt like me?
We draw our swords
We fight for more
But is it me you need?

It was never a crime
To show me that you care

Why don't you cry like me?
Why don't you shed a tear?
I'm hurting, you should be
Why don't you cry like me?
It's okay to, my dear
Won't you just cry like me?

Show me that you care
That you care for me, care for me
Show me that you care
That you care for me, care for me

It's funny how the seasons change
With every turn, I feel you slipping further away
I know there's something left to save
But I can't find it in your eyes
Are you lost or trying to be brave?
Why don't you just cry like me?
Why don't you just cry like me and get it out?

Why don't you cry like me?
Why don't you shed a tear?
I'm hurting, you should be
Why don't you cry like me?
It's okay to, my dear
Won't you just cry like me?

Show me that you care
That you care for me, care for me
Show me that you care

Do you care for me, care for me?

Why don't you cry like me?

Why don't you just cry like me?
