

# Fire May Save You

Frances

Sometime the rivers flow too fast  
And I can only swim so fast  
The life swims away  
You'll catch it one day

Fire may safe you my friend  
Fire may safe you my friend  
Fire may safe you my friend  
Fire may safe you my... friend

Sometimes the world can make you feel so undiscovered  
And like the person you where ain't here anymore  
But she is high, I didn't under her front  
She'll come out when she wants

Fire may safe you my friend  
Fire may safe you my friend  
Fire may safe you my friend  
Fire may safe you my... friend  
My friend  
My friend  
My friend  
My friend
