

## Love Me Again

Frances

Paint a picture in black and white  
If you're night sleep  
Did you dream of me?  
Did you think of me?  
Show me how much I've changed your life  
That you can't ignore  
Kiss me like before  
What are you crying for?

Do you need a little time?  
Just to understand your mind  
And will you do everything you can  
To love me again?

If you held my shaking hands  
Would it feel the same  
On the night to blame  
But I can't run away  
Give me love, give me peace of mind  
That you need me to  
Hold me like you do  
Cause I really love you

But do you need a little time?  
Just to understand your mind  
And will you do everything you can  
To love me again?

Ooh, ooh, ooh  
Ooh, love me again  
Ooh, ooh, ooh  
Ooh, love me again  
Ooh, ooh, ooh, ooh

But do you need a little time?  
Just to understand your mind  
Will you do everything you can  
To love me again?

Paint a picture in black and white  
If you're night sleep  
Did you dream of me?  
Did you think of me?
