

Unpredictable

Francesca Battistelli

Got my thoughts, I got my words
Got this head full of answers
Got You wrapped up
Got You under control

See my future like the past behind me
I think I know where You're leading
Don't need no questions
Don't need no rocking the boat

But I just forget all the mystery
I just forget who You are

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
'Cause You're so unpredictable

You said the foolish
Would shame the wise
To put my faith
In what's beyond my eyes

And to believe You
I have to come as a child
So help me to rest in the mystery
Of what I can't understand

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable

Can't wrap my mind around You
Can't put You in a box
Can't keep You safely contained, no

You're gonna move the way
You wanna move today
Just let me follow along

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
'Cause You're so unpredictable
You're unpredictable
