## **Unpredictable**

## Francesca Battistelli

Got my thoughts, I got my words Got this head full of answers Got You wrapped up Got You under control

See my future like the past behind me I think I know where You're leading Don't need no questions
Don't need no rocking the boat

But I just forget all the mystery I just forget who You are

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
'Cause You're so unpredictable

You said the foolish Would shame the wise To put my faith In what's beyond my eyes

And to believe You I have to come as a child So help me to rest in the mystery Of what I can't understand

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable

Can't wrap my mind around You Can't put You in a box Can't keep You safely contained, no

You're gonna move the way You wanna move today Just let me follow along

When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small That I can't know it all When I know that I know
What You have down the road
When I'm sure that
I've figured You out

Help me see that I'm small
That I can't know it all
'Cause You're so unpredictable
'Cause You're so unpredictable
You're unpredictable
