

You never are

Francesca Battistelli

Lost your way
And you don't know how it happened
So much time you wasted
Chasing satisfaction
Seems like there's nowhere else to go
Please I wish that you would come home

Oh, don't be so afraid
You think that you're too far
But you never are
You never are
You never are
So scared that you're too late
Too hidden in the dark
But you never are
You never are
You never are

Grace is underestimated
All you ever really have to do
Is take it
God is bigger than the times we fail
So why can we not forgive ourselves

Oh, don't be so afraid
You think that you're too far
But you never are
You never are
You never are
So scared that you're too late
Too hidden in the dark
But you never are
You never are
You never are

You will never be perfect
Oh, but you're still worth it
You've gotta just believe

Oh, don't be so afraid
You think that you're too far
But you never are
You never are
You never are
So scared that you're too late
Too hidden in the dark
But you never are
You never are
You never are
