I'm a wishbone and I'm breaking Yeah, I'm wishing for Adda Lee And the lake sings and the dogs don't They are quiet for Adda Lee, Adda Lee I'm sorry and I miss you And away, I went away 'Cause I wished I was away I wished I was away A wishing well Of well wishing And Adda waves away Adda waves away Heroine from the stars I don't know where I am But I know who you are Adda Lee Adda Lee And she whispered And she left me a man For the world Oh, Adda Lee Oh, Adda Lee Oh, Adda Lee
