We don't know what we're talking about That's just words in our libretto I don't know if the some of our stretto Will end up a terrible shout We left the ground and we floated above this town That never got better We got drowned in the sea of love And I know that it's gonna get wetter Bad harmony We're like bad harmony We're a couple wannabe's Who do not know what they are doing We're like bad harmony We're like bad harmony We are good company Going down that road to ruin I hope we will better I hope we will better We don't know what we're talking about That's just words in our libretto I don't know if the some of our stretto Will end up a terrible shout Bad harmony We're like bad harmony We're a couple wannabe's Who do not know what they are doing We're like bad harmony We're like bad harmony We are good company Going down that road to ruin I hope we will better I hope we will better I hope we will better
