

## Do You Feel Bad About It?

Frank Black

Let me tell you what I would do  
I'd consider the possibility of a mistake  
Yeah, if I were you  
I would give me a break  
Do you feel bad about it?  
Do you feel sad about it?  
Do you feel sick about it  
This parting of the ways?  
I don't want to chat about it  
I want to scream and shout about it  
'cause I ain't had it about this  
This parting of the ways  
Well, I served you up all my affection  
But that didn't work out so great  
And I'd help you with your defection  
But I still think I'm your best fate  
Let me tell you what I would do  
I'd consider the possibility of a mistake  
Yeah, if I were you  
I would give me a break  
Do you feel bad about it?  
Do you feel sad about it?  
Do you feel sick about it  
This parting of the ways?  
I don't want to chat about it  
I want to scream and shout about it  
'cause I ain't had it about this  
This parting of the ways  
Well, I never will be ashamed  
Of begging you-begging you  
For  
More  
Of the same
