

# I Need Peace

Frank Black

Close your eyes  
Or you'll have a lot of tears to cry  
So hey now if you're wise  
You won't open up your eyes  
Close your ears  
'cause you don't really want to hear  
The things that give you tears  
So don't open up your ears  
And if you sleep  
Well, you better not go too deep  
'cause bad things they will seep  
Right down into your sleep  
And if you wake  
Well, you're gonna have a nervous break  
So sleep now for goodness' sake  
Sleep for goodness' sake  
I need peace  
I get so down  
I've got these  
Turned up so loud  
Turned up so loud
