

# I've Seen Your Picture

Frank Black

I've seen your picture all over the place  
I turn the corner and I see your face  
Vehicular billboards reserve you a space  
Flashing your smile at the entire human race  
I went a ways on the road that I was on  
Through many days  
Many nights the miles went on  
And still the gaze of your faces carried on  
I read the slogans of the sloganeer  
I smelled the engines of the engineer  
I saw the profits of the profiteer  
Put up your picture in the stratosphere  
I went a ways on the road that I was on  
Through many days  
Many nights the miles went on  
And still the gaze of your faces carried on  
I went a ways  
On the road that I was on  
And still the gaze  
Of your faces carried  
Through many days  
Many nights the miles went on  
And still the gaze  
Of your faces carried  
I went a ways  
On the  
And still the gaze  
Of your faces carried on
