

I've Seen Your Picture

Frank Black

I've seen your picture all over the place
I turn the corner and I see your face
Vehicular billboards reserve you a space
Flashing your smile at the entire human race
I went a ways on the road that I was on
Through many days
Many nights the miles went on
And still the gaze of your faces carried on
I read the slogans of the sloganeer
I smelled the engines of the engineer
I saw the profits of the profiteer
Put up your picture in the stratosphere
I went a ways on the road that I was on
Through many days
Many nights the miles went on
And still the gaze of your faces carried on
I went a ways
On the road that I was on
And still the gaze
Of your faces carried
Through many days
Many nights the miles went on
And still the gaze
Of your faces carried
I went a ways
On the
And still the gaze
Of your faces carried on
