

## (I Want to Live on an) Abstract Plain

Frank Black

I've had it with this town  
I never saw those shifting skies  
I never saw the ground  
Or the sunset rise  
I want to live on an abstract plain  
I'm building a frame  
A place to put my ten-yard stare  
Thinking of that paint  
Painted in plein-air  
I want to live on an abstract plain  
I need a new address  
I want some new terrain  
Is it North or South?  
I want to live on an abstract plain  
I could sit on the roof  
On top of that abstract house  
See my abstract view  
An abstract mouse  
I want to live on an abstract plain  
I need a new address  
Tell me I'm not insane  
Is it up or down?  
I want to live on an abstract plain
