

# Man of Steel

Frank Black

Under the stars each night  
I wonder, if stairs go there  
I'm lonely driving behind the wheel  
Can't get nowhere  
I can't seem to get it right  
I'm only just a man of steel  
Is there a place?  
And under the stars tonight  
I wonder, if someone cares  
I'm lonely, that's the way I feel  
Can't feel no stairs  
I've gotten a real ad-heist  
I'm only just a man of steel  
There is a place
