

## Pray a Little Faster

Frank Black

Breath deep and fill your lungs  
In your native or in your second tongue  
Pig-Latin or pigeon  
Just get religion  
Pray a little faster  
Come on, pray a little faster  
Pray a little faster  
We got too far to run  
Forget about the girls and forget about the boys  
Turn off the TV and put away your toys  
You can't do what you want to do  
So get out your voodoo  
Come on, pray a little faster  
Pray a little faster  
Pray a little faster  
We got too far to run  
Pray to the trees, pray to the sun  
And if you don't believe, pray to the alien  
Look up to heaven, yeah  
And turn it upto 11  
Come on, pray a little faster  
Pray a little faster  
Pray a little faster  
We got too far to run
