

## You Ain't Me \*

Frank Black

Standing in the light  
You're so self-congratulatory  
So I guess you have the right to be so masturbatory  
And like a man with his pet  
You always seem to forget that you ain't me  
You ain't me  
You ain't me  
No, you ain't me  
Did you include the question mark?  
When I answered you were totally shocked  
You looked at me like I was a snark while your head was extreme  
ly  
mentally blocked  
I'm the guy from wonderland  
And you could never understand that you ani't me  
You ain't me  
The money has been spent  
I'm not saying it hasn't been earned  
The customers have paid  
I'm just feeling kind of burned  
Tell me where have you been  
Oh, black-eyed mannequin
