Everybody Loves Somebody

Frank Sinatra

Everybody loves somebody sometime Everybody falls in love somehow Something in your kiss just told me (That) My sometime is now

Everybody finds somebody someplace There's no telling where love may appear Something in my heart keeps saying (That) My someplace is here

If I had it in my power
I'd arrange for every girl to have your charm
Then every minute, every hour
Every boy would find what I've found in your arms

Everybody loves somebody sometime And although my dream was overdue Your love made it well worth waiting For someone like you
