

# I Love You

Frank Sinatra

I love you. I love you.  
Is all that I can say.  
I love you. I love you.  
The same old worlds I'm saying in the same old way.

I love you. I love you.  
Three words that are divine.  
And now, my dear, I'm waitin' to hear  
The words that will make you mine.

Little girl, I love you.  
Can't you see I love you.  
I love you. Can't you see I love you.

I love you. I love you.  
Three words that are divine.  
And now, my dear, I'm waitin' to hear  
The words that make you mine.
