

I Love You

Frank Sinatra

I love you. I love you.
Is all that I can say.
I love you. I love you.
The same old words I'm saying in the same old way.

I love you. I love you.
Three words that are divine.
And now, my dear, I'm waitin' to hear
The words that will make you mine.

Little girl, I love you.
Can't you see I love you.
I love you. Can't you see I love you.

I love you. I love you.
Three words that are divine.
And now, my dear, I'm waitin' to hear
The words that make you mine.
