

No One Ever Tells You

Frank Sinatra

No one ever tells you what's like to love and lose,
How it feels to waken and have breakfast with the blues,
How to go on living, how to face another day,
No one ever tells you the way.
No one ever tells you how it feels to walk alone,
Listening for those footsteps through the echo of your own.
Suddenly it hits you all those dreams WEREN'T worth a dime,
Cause no one ever tells you in time.
Long before the icy winds of winter,
Autumn tells the swallows, time to fly,
Why did she pretend till the bitter end
Till it broke my heart to say goodbye.
No one ever tells you that it's just another fling
No one ever warns you when your heart begins to SING
Someone tells you later all is fair in love and war,
But no one ever tells you before.
(instrumental)
No one ever tells you that it's just another fling,
No one ever warns you when your heart begins to sting
Someone tells you later all is fair in love and war,
But no one ever tells you before.
It never comes easy, no one ever tells you before.
