

## Rain (Falling from the Skies)

Frank Sinatra

Rain falling from the skies  
Like lonely tears through misty eyes  
Rain streaming down my face  
Brings memories my heart cannot erase

Here alone in all my sorrows  
Waiting for the clouds to hurry by  
Praying that a new tomorrow  
Will put the sun back in the sky

Rain wash away my tears  
So when that sun appears  
I'll see my love again
