

Something

Frank Sinatra

Something in the way she moves
Attracts me like no other lover
Something in the way that she woos me
Don't want to leave her now
Better believe, and how

Somewhere in her smile she knows
I don't need no other lover
Something in her style that shows me
Don't want to leave her now
Better believe, and how

You're asking me will my love grow
Well, I don't know, no, I don't know
You stick around, Jack, it might show
I don't know, no, I don't know

Something in the way she knows
All I gotta do is just think of her
Something in the things that she shows me
Don't want to leave her now
Better believe, and how

[instrumental]

You're asking me will my love grow
I don't know, no, I don't know
But you hang around, Jack, it might show
I don't know, no, I don't know

Something in the way she knows me
And all I gotta do is just think of her
Something in those things that she shows me
Don't want to leave her now
Better believe, and how

Mm, mm, mm, mm, mm, mm

I don't plan to leave her now
