

# Stardust

Frank Sinatra

(Sometimes I wonder why I spend the lonely nights) dreamin' of  
a song  
The melody haunts my reverie and I am once again with you  
(When our love was new) and each kiss an inspiration  
Oh, but that was long ago, and now my consolation is in the  
stardust of a song

(And beside a garden wall, when the stars were bright)  
You were in my arms, the nightingale told its fairy tale of par  
adise where roses grew.  
Though I dream in vain, in my heart it always will remain  
My stardust melody (the memory of love's refrain)

[instrumental]
