Watertown

Frank Sinatra

Old Watertown Nothing much happenin' Down on Main 'Cept a little rain Old Watertown Everyone knows The perfect crime Killin' time And no one's goin' anywhere Livin's much too easy there It can never be a lonely place When there's the shelter of familiar faces Who can say It's not that way Old Watertown So much excitement To be found Hangin' round There's someone standing in the rain Waiting for the morning train It's gonna be a lonely place Without the look of familiar faces But who can say It's not that way
