

## Where Do You Go?

Frank Sinatra

Where do you go  
When it starts to rain  
Where will you sleep  
When the night time comes  
What do you do  
When your heart's in pain  
Where will you run  
When the right time comes  
These are the things  
That I want to know  
Where will you hide  
When the lights are low  
Where do you go  
When it starts to rain  
Where will you sleep  
When the night time comes
