

# Propellered Hearts

Frank the Baptist

Waltzing like when she was alive  
She can't find the other side, Angel  
Although translucent she's still smashing  
Stay an dance with me a while, Angel

She can't live distraught  
Propellered hearts and varicose thoughts  
She can't live distraught  
Propellered hearts and varicose thoughts

As I crumble to and fro  
I strive to learn what children know, Angel  
Travel lightly when you're in denial  
Can I be king for just a while, Angel?

She can't live distraught  
Propellered hearts and varicose thoughts  
She can't live distraught  
Propellered hearts and varicose thoughts

Travel lightly when you're in denial  
Can I be king for just a while, Angel?

Although translucent she's still smashing  
Stay an dance with me a while, Angel

She can't live distraught  
Propellered hearts and varicose thoughts  
She can't live distraught  
Propellered hearts and varicose thoughts

She can't live distraught  
Propellered hearts and varicose thoughts
