

# There She Is

Frank Turner

I have wandered  
Through the dark  
Through the dirt  
I was hurt  
And in the end I came back to the start  
And I stumbled  
Lord knows how I stumbled  
I slipped on myself, no help from anyone else  
I fell in love and I was humbled

There she is  
Isn't she everything?  
There she is  
Isn't she everything?

Down at the bottom  
I found the things I'd forgotten  
And despite all I've done, I can learn, I can learn and this time  
I'm gonna hold onto them  
I'm gonna forgive myself  
Then ask for forgiveness  
Crossing my fingers and toes  
Cause God only knows I need this  
Lord how I need this

There she is  
Isn't she everything?  
There she is  
Isn't she everything?

Isn't she everything I need?  
I needed someone who'd believed me  
I needed someone who wouldn't leave me  
I needed her  
Everything I need, I need is someone who believed me  
I needed someone who wouldn't leave me  
I needed her

There she is  
Isn't she everything?  
I will give  
I will give anything  
There she is  
Isn't she everything?  
I will give  
I will give anything  
Anything you need  
Anything you need

Anything you need I promise you I will believe you  
I promise you I'll never leave you  
I need my girl  
Anything you need I promise you I will believe you  
I promise you I'll never leave you  
I need my girl

There she is

There she is
