

# Love of My Life

Frank Zappa

Love of my life, I love you so  
Love of my life, don't ever go  
I love you only  
Love, love of my life

Stars in the sky they never lie  
Tell me you need me, don't say goodbye  
I love you only  
Love, love of my life

Stars in the sky, they never lie  
Tell me you need me, don't say goodbye  
I love you darling, I love you only  
Don't ever leave me  
Don't make me, don't make me  
Don't make me lonely

Love of my life, I love you so  
Love of my life, don't ever go  
I love you only  
Love, love of my life

Stars in the sky, they never lie  
Tell me you need me, don't say goodbye  
I love you darling, I love you only  
Don't ever leave me  
Don't make me, don't make me  
Don't make me lonely

Love of my life, I love you so  
Love of my life, don't ever go  
I love you only  
Love, love of my life  
Love of my life, love of my life
