Well

Frank Zappa

You know I love you, baby, please, don't go, well, well
You know I love you, baby, please, don't go, well, well
You know I love you, honey, child
'Cause nothing I wouldn't do for you right now
You know I love you, baby, please, don't go, well

You know I love you, baby, please, don't go
You know I love you, baby, please, don't go
You know I love you, honey, child
Nothing I wouldn't do for you right now
Y'know I love you, baby, please, don't go, well

Zappa!

You know I want you, baby, please, don't go, well, well
You know I want you, baby, please, don't go
You know I love you, honey, child
'Cause nothing I wouldn't do for you right now
You know I want you, baby, please, don't go, well

Well, you know I love you, baby, please, don't go, well
You know I love you, baby, please, don't go
You know I love you, honey, child
'Cause nothing I wouldn't do for you right now
I know I love you, baby, please, don't go, well
Yeah!
