

# I'm Leaving

Frankee

I should tell you before you go  
That i really cant see  
Living without you,no  
It's illogical to me (to be alone)  
I'd give everything i own  
If it meant that you'd be  
Waiting when i get home  
Cause the last thing i wanna hear  
Is you sayin.....

[Hook:]

I'm leavin  
Are words i hope i never have to hear from you  
I wanna be the reason you  
Wanna stay  
So promise you'll never stay  
I'm leavin  
Are words i hope i never have to hear from you  
I wanna be the reason you  
Wanna stay  
So promise you'll never say im...

Belive in me when i say  
I have a need to be  
Near you every minute of the day  
Can't imagine i would be (this far gone)  
You see, i'm with you every step of the way  
Oh totally (completely)  
Call me crazy,say im trippin,its okay  
Just as long as i dont hear you say

[Bridge:]

Because if you go  
I wouldnt know  
How to pick up and start again  
So if you do  
I'll follow you  
Through the snow,the wind, the sleet,the rain  
I wouldnt accept you were leavin  
And never letting you go away  
I dont wanna hear you say
